

DELICATE DECADENCE
BARRE'S HOMETOWN BAKERY

Delicate Decadence is a beautiful space. Perfect for a light and easy afternoon, business meeting or a family get together. Come and enjoy your friends, leave the work to us. We can help you.

The space is more of an elongated space.

The front space faces the Barre Green and is beautiful during the different seasons of Barre with its large street facing windows. That space can hold up to about 25 people in a banqueting style. We can arrange the table and space to meet your needs.

The rear space is more secluded and can hold up to 75 seated folks. This space can be configured with long tables and can also be a more formal banqueting space. We can help you put together space to meet your needs.

Perhaps you need the whole thing? The space is large enough to allow groupings and minglings.
